- Eva, Puzzle İşleme Bölümü
- Akülü Montaj Bölümü
- Bisiklet Montaj Bölümü
- Oyuncak Montaj Bölümü

Üretimini düşündüğümüz her üründe en-71 oyuncak standartları tebliğine uygun olacak şekilde tasarlıyoruz , üretim noktasında gerek kullanılan boya,plastik hammadde ve diğer malzemeler olmak üzere tüm dünya çocuklarının ruh ve beden sağlığına pozitif etki edecek ürünler üretme arzusundayız.

Ürün gruplarımız arasında en önemli ürünümüz 16 farklı dilde konuşan Jagu olarak adlandırdığımız eğitici puzzle ve eğitim gruplarımız yer almaktadır.Bu ürünler cep telefonu ve akıllı telefonlara indirilen uygulamaları sayesinde ekran üzerinde canlanıp konuşabilmekte ve çocukları kendilerine anlatabilmektedir.

Bunun yanında farklı tarzı kalitesi ve özellikleriyle ön plana çıkan akülü çocuk arabaları, itmeli, tenteli , döner koltuk gibi özellikli üç tekerlekli bebek ve çocuk bisikletleri, plastik bloklar, eva zemin karoları, eva puzzlelar, plastik oyun çitleri, sallanan atlar,kamyon ve iş makinaları setleri, eğitici oyun setleri, el becerisi ve zeka geliştirici oyunlar, aksiyon setleri, oyun halıları gibi ürünler yer almaktadır.

Akaroyuncak olarak hedefimiz farklı, kaliteli ürünlerimiz ve estetik tasarımlarımız ile dünya çapında kendinden söz ettiren ve ürünleri tüm dünyada kabul gören bir firma olmaktır.

Akali Toy,

As Akallı Toy and Plastic Industry Trade Ltd. Co., we were founded in 2015 with nearly 20 years of industry experience, with the aim of producing innovative and unique products in the fields of children, toys and child development. Our toy brand in the industry is Akar Oyuncak.

Within the Akar Oyuncak brand, we have product groups and sub-brands such as Jagu, 3DMoods, Akar Battery Car, Rateg, Akar Funny, Akar Educa, and Akar Active. We carry out our production in three different facilities located in Beylikdüzü, Istanbul, covering a total area of approximately 8,000 m2.

Our Departments:

- Plastic Injection Department**
- Metal Processing Department**
- Textile Department**
- EVA and Puzzle Processing Department**
- Battery-Powered Assembly Department**
- Bicycle Assembly Department**
- Toy Assembly Department**

For every product we plan to produce, we design it in compliance with the EN-71 toy standards regulation. In the production process, we aim to produce products that positively impact the mental and physical health of children around the world, ensuring that the paints, plastic raw materials, and other materials used are safe.

Among our product groups, our most important product is the educational puzzle and education sets we call Jagu, which speaks in 16 different languages. Thanks to applications downloaded to mobile phones and smart devices, these products can come to life on the screen and speak to children, explaining things to them.

In addition, we offer a variety of products that stand out for their quality, style, and features, such as battery-powered children's cars, pushable, canopied, and swivel-seat three-wheeled baby and children's bicycles, plastic blocks, EVA floor tiles, EVA puzzles, plastic play fences, rocking horses, truck and construction vehicle sets, educational game sets, handcraft and intelligence development games, action sets, and play mats.

As Akar Oyuncak, our goal is to become a globally recognized company with different, high-quality products and aesthetic designs that are accepted worldwide.

What is Jagu ?

The First Speaking Toys in TURKEY also World.Toys that Animate on Your Phone Turkey's First Augmented Reality Applited ,Interactive ,Smart Speaking Toys.

How Does Jagu Animate ?

You can download our country's first AR applied jagu sets, whose patent,design,application and software belong to us by typing "Akar Oyuncak " on AppStore or Google Play. Then you can buy a Jagu Set and see how toys speak on screen and how they introduce themselves to your children.Moreover,you can change the weather as sunny ,rainy snowy couldly or you can change the day as night.By this way , you can have more and more fun!

Jagu Nedir ?

Dünya ilk defa Türkçe konuşan ve canlanan oyuncaklar serisi Jagu , Akar Oyuncak bünyesinde Türkiyede yapılan Arttırılmış Gerçeklik uygulamasını da kullanabileceğiniz interaktif,eğitici ,konuşan ve canlanan eğlenceli oyuncaklar serisidir.

Jagu Nasıl Canlanır ?

Akar Oyuncak olarak patenti tasarımı uygulaması ve yazılımı bize ait olan ülkemizin ilk AR uygulaması jagu setlerimizin AppStore ve Google Play'de uygulamayı AppStore ve Google play den akar oyuncak yazarak bulabilir ve telefonunuza indirebilirsiniz....sonra jagu setlerimizi alarak oyuncaklar ekranda nasıl konuşur kendini çocuklara nasıl tanıtır zevkle görebilirsiniz ayrıca ekran üzerindeki seçeneklerden hava durumunu güneşli, yağmurlu,karlı,gece,gündüz ve bulutlu olarak değiştirebilir eğlenceye eğlene katabilirsiniz
